EFFINGHAM FIRE DEPARTMENT

The Effingham Fire Department answered nine calls this year and the types of fires were: 4 chimney fires; 1 brush fire; 2 house fires; 1 grass fire; 1 false alarm. Of these, two were assists, one in Freedom and one in Wakefield.

At the request of the owners we burned over four fields and two old buildings.

The Ambulance was called nine times for service during the year. Service by the Ambulance can be obtained by calling either of the two telephones listed below. There is no stated charge for Ambulance service, however, if you wish to make a donation to help defray operation costs of the unit, please make it directly to the Effingham Fire Department, care of William Dietzel, Treasurer, R.F.D. Center Ossipee, N. H.

Once more we would like to thank the people of Effingham for their continued co-operation in helping us to keep fire losses down.

REMEMBER, the telephone numbers to call are:
For FIRE ONLY — 539-4864
For AMBULANCE SERVICE — 539-6628
and 539-4846

DO NOT call the Fire Department number for ambulance service.

FIRE RECORD

Fire records are made by people — those who cause fires and those who control them. Your forest fire warden, deputy wardens, fire chief and firemen have, in spite of a prolonged drought, made one of the best fire control records in recent years. Despite a very dry spring, we in New Hampshire working together, have substantially reduced our fire incidence (885 in 1965 to 595 in 1966.)

This enviable record is largely due to two factors:

1. A closely coordinated and integrated state-town organization jointly carrying out programs of forest fire prevention, training and suppression with dedicated personnel.
2. Your appreciation of our forest fire control program and your individual effort in practicing fire prevention.

Statistics show, however, there is room for improvement. Major problems are still with us; (1) the careless disposal of cigarettes; (2) the householder's carelessness in burning rubbish; (3) the failure of woodlot owners and contractors to completely extinguish their brush burning fires; (4) failure to extinguish camp fires; (5) unsupervised children playing with matches.

New Hampshire has 4,339,000 acres of woodland to be protected. In 1966 we experienced 595 forest fires on this area and restricted acreage burned to 395 acres — a fine testimonial to the efficiency and dedication of the men who make up our forest fire control organization.

1. If you must burn you will need a permit.

Permits are not issued between 9 A. M. and 5:00 P. M. except on rainy days. Permits are not needed when the ground is covered with snow. To minimize risk the best way to dispose of rubbish is at your authorized town or municipal dumping area.

2. Be sure all discarded smoking material is out.
3. Don't leave a live camp or cooking fire.
4. Most important — Instruct your children that matches are not play things.

TRULY — ONLY YOU CAN PREVENT FOREST FIRES
